

Endorsement Information and Application Package

Professional events
Educational activities and products

The Australian College of Mental Health Nurses (ACMHN) is the peak professional organisation for mental health nurses in Australia.

The ACMHN supports quality education and ongoing professional development relevant to all nurses practising in mental health. Therefore the ACMHN has established a service to endorse professional events, educational activities and products deemed to be appropriate for nurses practising in mental health.

What is endorsement?

Endorsement is a process by which professional events, educational activities and products are assessed and given recognition by the ACMHN.

The aims of endorsement are:

- to ensure a minimum standard for Professional Development activities in mental health nursing are met;
- to allocate points consistently and equitably, reflecting the specialist or generalist value of the activity;
- to ensure the activities are relevant to the needs of the members as well as of employers, clients and the community;
- to provide feedback for the improvement of the educational and training value of the activities.

Endorsement is based on principles of adult learning and recognises the importance of different forms of teaching, different styles of learning and different professional needs. The criteria as outlined below are derived from empirically-based research into the effectiveness of Professional Development as a quality assurance mechanism.

Why does the ACMHN provide an endorsement service?

The ACMHN endorsement service provides mental health nurses with confidence that an educational event or activity meets the standard set by their professional body. Endorsed activities or events are assessed against criteria to establish that they are well organised, meet legal requirements, and are based on up to date evidence.

Endorsement may also enhance the marketing of professional events, educational activities and products. The ACMHN maintains a list of all endorsed products on our website so you also receive additional marketing exposure for your product.

Levels of Endorsement

There are two levels of endorsement.

Level 1 Endorsement applies to all educational events, products and materials of relevance to mental health nursing, including but not limited to:

- short courses
- workshops
- conferences
- clinical manuals
- multi-media products

Level 1 Endorsement is provided to events, products and materials that are demonstrated to be relevant to the MHN audience and of high quality.

Level 2 Endorsement applies to events, products and materials (as outlined above) that are targeted toward and prepared specifically for mental health nurses. This content would be presented at a postgraduate level and would be deemed suitable Professional Development activities for Credentialed Mental Health Nurses.

How to apply?

Fill in the Endorsement Application form – either Level 1, or, for Level 2 complete both Level 1 and Level 2 criteria. Attach all required information and documentation.

Submit your application by email or in hard copy. Applications must be accompanied by the non-refundable administration fee: Level 1 - \$75.00, Level 2 - \$100.00.

Who are the assessors?

Endorsement assessors are members of the ACMHN with expertise in their field of specialisation, education and the endorsement principles.

What is the assessment timeframe?

Assessors undertake this important work on a voluntary basis, in addition to the responsibilities of their employment. Provided an application is correctly completed and includes all the necessary supporting documentation,

notification of an outcome would ordinarily be received within 6 weeks of an application being submitted.

What happens once an endorsement application has been assessed?

Following completion of an endorsement application, the applicant will receive notification of the outcome from the ACMHN.

If your product is endorsed, you will be required to pay the endorsement fee.

You will be able to provide a short description of the product for the ACMHN website. Applicants will also be given advice regarding the use of the specific wording/logo to be used in promotional and marketing material.

For how long is endorsement valid?

Activities and other products can be endorsed for a period of 1, 2 or 3 years. In the case of educational products and materials, a change in content of more than 10% will require the submission of a new application for endorsement.

Endorsement for events (such as a conference) is for the duration of that event and lapses once the event has taken place.

The ACMHN reserves the right to deny endorsement at Level 1 or Level 2 should it be considered that

requirements for endorsement have not been met. In addition, endorsement may be withdrawn at any time should it be considered that the educational event, product or materials being delivered have been substantially altered so as not to be consistent with the original application under which endorsement was awarded.

Further information

For further information, please contact the Australian College of Mental Health Nurses
Telephone: 1300 667 079
Email: enquiries@acmhn.org

Disclaimer

The ACMHN takes care in its endorsement service to review any applications for endorsement according to the criteria set. To the extent permitted by law, the ACMHN expressly disclaim all and any liability related to any information presented in any event, educational products or materials endorsed by the ACMHN and for the results for any actions taken on the reliance of that information and are not responsible for any error or omission from the information.

ENDORSEMENT APPLICATION FORM

1.TITLE:	<i>Title of professional event, educational activity or product:</i>
2. PROVIDER DETAILS:	<i>Name, description and postal address of the organisation/s providing the professional events, educational activities and products</i>
3. CONTACT PERSON	Contact Name:
	Telephone:
	Fax:
	Email:

4. CONTENT AND DELIVERY

4.1 Outline the main purpose of the professional events, educational activities and products:

4.2 Provide a brief description of the content of the professional events, educational activities and products (maximum 250 words):

4.3 Briefly outline the intended audience for the professional event; the educational activities and products; the anticipated learning outcomes and assessment (if applicable).
